you will never look at the world in the same way after reading as the future catches you juan enriquez puts you face to face with a series of unprecedented political ethical economic and financial issues dramatically demonstrating the cascading impact of the genetic digital and knowledge revolutions on your life genetics will be the dominant language of this century those who can speak it will acquire direct and deliberate control over all forms of life but most countries and individuals remain illiterate in

what is rapidly becoming the greatest single driver of the global economy wealth will be more concentrated and those with knowledge to sell both countries and individuals will be the winners consider what will happen when your genetic code can be digitally imprinted on an id card and your insurance company and employer see that you are genetically disposed to say heart disease pharmaceutical products are developed so that you can eat genetically modified broccoli to protect yourself from cancer cloning will be as common as in vitro fertilization and scientists can influence the genetic design not only of other species but of your own children creating wealth no longer requires many hands lone individuals are giving birth to entire new industries that rapidly become bigger than the economies of most countries on earth but create very few jobs as the future catches you resembles no other book a typical page may contain just a few dozen words but each seemingly discrete fact is like a chip in an intellectual mosaic that reveals its meaning and beauty only as you step back and see the big picture juan Enriquez is like the best teacher you ever had one who helps you to see something in a new light and makes you say now i get it juan Enriquez s main point is that technology is not kind it does not say please but slams into existing systems and destroys them while creating new ones countries and individuals can either surf new and powerful waves of change or get crushed trying to stop them the future is catching us all let it catch you with your eyes wide open

professor Goldman has contributed articles and books in divers fields of political science this is a partial collection of his principal published and unpublished journal articles as well as brief references to his principal books volume i focuses on the emergence of transnational political parties his researches have led Goldman to conclude that transnational parties are the precursors of a world party system and that a world party system will become the institutional alternative to international warfare in the near term prospects of transnational party development he traces the methods and consequences of international collaborations among national parties and the implications of transnational party developments for the democratic and republican parties of the united states many of his forecasts came to fruition two or three decades after they were made hence the title of this collection the future catches up

professor Goldman has contributed articles and books in divers fields of political science this is a partial collection of his principal published and unpublished journal articles as well as brief references to his principal books professor Goldman s years at michigan state and san francisco state universities provided opportunities for instructional experimentation and management of educational programs at msu the american politics graduate training program at san francisco state experiments in small group peer instruction other experiments self paced instruction an assessment program for political science majors and simulations of disarmament conferences his roleplay is an innovative teaching program for k 12 social studies
